## PROFILE

Computer Science graduate skilled in SQL, PostgreSQL, Python, and Power BI, with hands-on experience building analytical dashboards, transforming large datasets, and creating reporting solutions. Experienced in data integration, cleaning, modeling, and business analytics to convert raw data into actionable insights. Seeking opportunities in Data Analytics, Business Intelligence, and Data Engineering.

## TECHNICAL SKILLS

**Data Analysis & Visualization:** Power BI, Excel, Dashboard Development, KPI Analysis, Data Visualization

**Data Processing:** Data Integration, ETL, Data Cleaning, Data Transformation, Data Modeling

**Querying & Databases:** SQL, PostgreSQL

**Programming:** Python, Pandas, NumPy, DAX, Power Query

**Tools:** Git, GitHub, VS Code

**Cloud:** AWS

**Concepts:** Exploratory Data Analysis, KPI Reporting, Trend Analysis, Relational Databases

## PROJECTS

**Ride Booking Operations Dashboard** | Power BI, SQL, Excel

- Developed an interactive analytics dashboard to monitor ride bookings, revenue trends, cancellation patterns, and customer activity.
- Extracted, cleaned, and transformed ride-booking data using SQL and Power Query, preparing structured datasets for KPI reporting and dashboard analysis.
- Analyzed ride demand, cancellation trends, and customer behavior across vehicle types, booking statuses, and payment methods.
- Created KPI-driven visualizations and DAX measures for trip performance, revenue analysis, and business reporting.

**E-Commerce Analytics Dashboard** | Power BI, PostgreSQL, SQL

- Developed an interactive sales analytics dashboard using the Olist Brazilian E-Commerce dataset from Kaggle.
- Extracted and consolidated 1M+ records from orders, customers, products, payments, reviews, and geolocation datasets using PostgreSQL and SQL; transformed data through cleaning, joins, and relational modeling before loading it into Power BI for analysis and reporting.
- Analyzed customer behavior, sales trends, payment patterns, and regional order distribution using SQL queries and Power BI reporting techniques.
- Built KPI dashboards and geo-visualizations to convert complex datasets into actionable business insights.

## EDUCATION

**VIT Bhopal University**

2022 – 2026

B.Tech in Computer Science and Engineering — CGPA: 7.47

Bhopal, Madhya Pradesh

- Degree Requirements Completed — Provisional Certificate Issued
- Relevant Coursework: Database Management Systems, Cloud Computing

**Jawahar Navodaya Vidyalaya, Pojewal**

2020 – 2021

Class 12th CBSE | 77%

Punjab, India

**Jawahar Navodaya Vidyalaya, Pojewal**

2018 – 2019

Class 10th CBSE | 81.6%

Punjab, India

## CERTIFICATIONS

**Marketing Analytics** | NPTEL IIT Kharagpur

**AWS Certified Cloud Practitioner** | Amazon Web Services
